

# INTERDISCIPLINARY PATHWAYS FOR TMD DIAGNOSIS AND MANAGEMENT

PRESENTED BY

**DR. SUZIE BERGMAN, DDS, FTMJF**

Temporomandibular disorders (TMDs) are a complex group of musculoskeletal conditions affecting the jaw and surrounding muscles. The multifactorial nature of these conditions presents a challenge for health professionals. TMDs interfere with eating, communication, personal expression and can deeply affect an individual's functional and psychological well-being.

The high prevalence, personal impact, and poor access to effective treatments creates an expanded role for dentists in today's health care system. However, too many patients still receive unique treatments that fail to consider the whole person. The combined skills of medical, dental, and behavioral health specialists are required, especially when these conditions become chronic. This course is designed to give dentists an evidence-based guide to diagnosing and managing TMDs, as well as making appropriate referrals. The aim is to focus on new conceptual models and systematic therapeutic strategies. Replacing empirical knowledge with science-based knowledge will empower providers to greatly improve outcomes for patients through a paradigm shift and an interdisciplinary approach.

**COURSE TITLE:** Interdisciplinary Pathways for TMD Diagnosis and Management

**COURSE DIRECTOR:** Dr. Suzie Bergman, DDS, FTMJF

**PRESENTER(S):** Dr. Suzie Bergman, DDS, FTMJF

**AUDIENCE:** RDH, Dentists

**CONTACT HOURS:** 1.5 hours of AGD PACE accredited continuing education

**MEDIUM:** Recorded Program

## COURSE OBJECTIVES

- TMDs are complex, multifactorial musculoskeletal conditions affecting the jaw and muscles.
- They impact daily activities (eating, communication) and both functional and psychological well-being.
- Dentists play a key role in managing TMDs, but many patients receive incomplete care.
- This course offers evidence-based guidance on diagnosis, management, and interdisciplinary strategies.

## DATES & TIMES

Streamable ON DEMAND

## WHAT YOU NEED TO PARTICIPATE

- A Windows or Mac PC, Apple or Android tablet or even smartphone
- Google Chrome, Mozilla Firefox, Apple Safari or MS Edge web browser
- Register for the event
- Pay your registration fee

Upon registration, you will be invoiced by email to pay the event fee of \$125.00. In order to receive CE credit and certification for participation for re-licensure you must pay the event fee. Full refund within 48 hours for the event.
